Offering lush gardens and charming spaces, this family home features an abundance of large windows capturing leafy vistas from almost every angle. Exposed timber ceilings create plenty of visual interest in the living areas.

Impressed by a mix of formal and informal zones commencing with the inviting lounge featuring an open fire place, you will enjoy the light-filled dinning room, recently renovated modern kitchen equipped with high-end appliances, family-meals area with high windows surrounded. The tropical fish tank cleverly built in enhances the natural atmosphere of the whole house.
